### **About SVEDKA:**

While the competition is focusing on the past, SVEDKA laid claim to the future. SVEDKA's "Join The Party" cutting-edge social commentary is especially relevant this 2008 election year. With the race for the White House unfolding before our eyes, SVEDKA is jumping into the middle of the most talked about media event of the year. With bumper sticker positions such as, "Make Cocktails Not War," "Help End Global Warming, Add More Ice," "No Cocktail Left Behind" and "Life, Liberty, and the pursuit of Happy Hour," the "Join The Party" message is a reminder to consumers of different political affiliations to take a moment to come together, relax, and put the "party" back in party politics.
